

# Natural Derived Analysis

## Marker Compounds of Natural Dyes

### Dye Info

|                 |                            |
|-----------------|----------------------------|
| Dye             | Himalayan Rhubarb          |
| Raw Material    | Roots and stems of Rhubarb |
| Scientific Name | Rheum emodi                |
| Certification   |                            |

### Natural Derived Marker Compounds (mg/kg)

|              |   |
|--------------|---|
| Rhein        | - |
| Emodin       | - |
| Aloe-emodin  | - |
| Chrysophanol | - |
| Ellagic Acid | - |

### HPLC Chromatogram of Natural Dyestuff
